PROFILE

Computer Science Engineering student (2024–2028) passionate about Cybersecurity, Ethical Hacking and Cloud Security. Hands-on experience in software testing, secure application development and full-stack web development. Internship experience testing enterprise BPM software and building secure applications using modern technologies.

EDUCATION

Vel Tech High Tech Dr. Rangarajan Dr. Sakunthala Engineering College

B.E. Computer Science and Engineering

CGPA: 8.92/10

Expected Graduation: May 2028

Dr. V.G.N. Matric Hr. Sec. School

HSC: 76% (2024)

SSLC: 78.6% (2022)

TECHNICAL SKILLS

Languages

- Python
- Java
- C
- JavaScript

Security

- Kali Linux
- Nmap
- Wireshark
- OWASP Top 10
- Secure Coding
- Cryptography

Frameworks

- React.js
- Node.js
- Express.js
- Flask

Tools

- Git/GitHub
- VS Code
- Postman
- MongoDB
- PostgreSQL

INTERNSHIP

Software Testing Intern – KY Technologies

Jun 2026–Jul 2026

- Performed functional and regression testing on the TIHVO Cloud BPM platform.
- Executed test cases, reported defects, validated workflows and role-based access.
- Collaborated with developers to verify fixes and improve software quality.

PROJECTS

Secure Chat Application (Python, Flask, AES-GCM, SHA-256)

- Developed an encrypted messaging platform using AES-GCM encryption and SHA-256 hashing.
- Implemented secure authentication and encrypted message storage.

E-Commerce Platform (MERN Stack)

- Built a full-stack e-commerce application with Admin, Seller and Customer roles.
- Implemented JWT authentication, product, order and inventory management.

Association Management Website (Live)

- Designed and deployed the Abdul Kalam Association website using React and Vercel.

Speech-to-Text & Text-to-Speech

- Developed a Python speech processing application presented at the Avishkar Project Expo.

Arduino Radar System

- Developed an ultrasonic radar system using Arduino UNO and servo motor.

ACHIEVEMENTS

- Software Testing Internship – KY Technologies.
- Two projects presented at the Avishkar Project Expo.
- Developed and deployed two live web applications.

RELEVANT COURSEWORK

Computer Networks, Operating Systems, Database Management Systems, Data Structures and Algorithms, Object-Oriented Programming, Software Engineering.
